Arctostaphylos
“Emerald Carpet”

“Emerald Carpet” Manzanita

This low, dense evergreen groundcover grows moderately fast to 1’ tall and 3-6’ wide. Lush dark green leaves with reddish stems. Small white flowers in the spring. Will probably do best in partial sun in our area. Does best in rich, well-draining soil. Tolerates clay.
Good for erosion control.

- Partial sun
- Regular water
- Attracts birds
- Attracts butterflies
- Attracts hummingbirds
