Eriogonum latifolium

Coast buckwheat

Fast growing stress-deciduous evergreen perennial grows to about 2’ tall and 3’ wide. Protect from afternoon sun inland. Creamy white to pink pom-pom flowers in the spring. Water requirements vary depending on the area planted. Cold hardy to 25˚ F. Tolerates clay and serpentine soil but grows best with fast draining rocky or sandy soil. Good for container gardening. Best with good drainage. Attracts bees and other insects.

Afternoon shade
