Holodiscus discolor

Ocean spray

Moderately fast growing shrub up to 10' x 10'. Deciduous. Showy 5" long fragrant, cream-colored flower clusters in spring - summer. Grows larger in the shady, rich, moist soil. Stays smaller dry, sunny areas. Prune after flowers have turned brown and withered. Part shade to filtered sun. Excellent shrub for a bird garden. Tolerates clay. Deer resistant. Tolerates rocky soil.

- Part shade to sun
- Regular water
- Attracts birds
- Attracts butterflies
