Ceanothus ‘frosty blue’

‘frosty blue’ California lilac

Fast growing evergreen shrub to 6-10’ H x 8’ W. Dense glossy foliage of small dark green leaves. Fragrant light to medium blue flowers March-May.

Handles pruning well.

Good as a hedge plant, small screen, or focal point in a drought tolerant garden.

Tolerates full to part sun.

Tolerates clay and sandy soil.

Only needs water monthly after established.

Attracts birds, hummingbirds, and butterflies.

Flowers are fragrant.
