Mimulus aurantiacus
(Diplacus aurantiacus)

Sticky monkey flower

Deciduous.
Fast growing to 2-3 ft tall and 3 ft wide.
Tolerates drought once established.
Yellow-orange flowers in spring to early summer.
Does fine in full sun or part shade.
Important food plant for hummingbirds and butterflies.
Prune to the ground about every three years to keep nice looking.
Tolerates poor soil conditions with good drainage.

| Full sun to part shade | No water needed once established | Attracts butterflies | Attracts hummingbirds |
