**Rhamnus californica**

**California coffeeberry**

Evergreen. Moderate growing shrub to 15 ft high and 8 ft wide. Insignificant yellowish flowers in spring followed by non-edible berries that turn from red to black. Tolerates clay, extreme heat and drought. Needs no water once established but will do better with monthly water in summer. Avoid western exposure.

- Full sun to part shade
- No water needed once established
- Attracts birds
- Attracts butterflies
